

Grading your questionnaires

Dear teacher,

Congratulations for completing both questionnaires! It is now time to compare the results obtained before and after the experience and see whether there was a change as a result of your involvement in ICT Inquiry-Based learning activities.

As you could see in the form, the Matrix only gives the possibility to select one option per item. For each item, you are graded accordingly:

- **strongly disagree**=1 point
- **disagree**=2 points
- **neither agree nor disagree**=3 points
- **agree**=4 points
- **strongly agree**=5 points

Strongly disagree	Disagree	Neither agree nor disagree	Agree	Strongly agree
				
1 point	2 points	3 points	4 points	5 points

For example, under question 1 points range from a minimum of 1 to a maximum of 5 for each item. Hence, the total number of point you might score for that question ranges from 8 to 40, given that question 1 consists of 8 items.
